Star Spangled Banner Celebration
Maryland Yacht Club
September 11, 2014

On September 11, 2014 The British reenactment commenced at the Maryland Yacht Club with the British gunboat landing at our club. A volley of shots from cannon rang out across Rock Creek A truce for the evening was obtained and both parties proceeded to have dinner and libations and discussed the events of the day. This was attended by over 150 people in the community and was a very successful event and kicked of the 1812 festivities in the Inner harbor over the next few days. A beautiful picture was presented to the Club by the re-enactors. Thank you to all those who came and participated

MYC- “BEST KEPT SECRET ON THE BAY”

Phone: 410-255-4444
Or, Email Carl Treff, Membership Chair: MYCinfo@mdyc.org
Show me the money!

Do we have a deal for you! There are two important membership issues that we need to make you aware of.

The Board has voted to waive the initiation fee for new members through October 25th. This is a good way to entice your friends, neighbors, and family to join MYC and save some money.

Second, if you are successful enticing your friends, neighbors, and family to join MYC, you could qualify to receive a very hefty referral fee. The Board has decided to offer a referral fee equal to the initiation fee of a Resident or Social member. That’s $1000 (Resident) and $150 (Social) for signing, sealing, and delivering to me a new member who’s application is approved by the Board. Yes, you read that right...

How will we know you really are a master recruiter and truly are the sponsor of a new member and deserving of the referral fee? You must participate in the application process in various ways such as giving a club tour, being listed as the sponsor, helping with application, and most of all have the prospect let me know right up front that he/she is working with you on membership. I will also routinely ask the applicant if they are working with any current members. So basically you need to prove to me, the Membership Chairman, that you participated in and were highly influential in bringing a new member to MYC. The referral fee will be paid after the new member pays their dues in full.

Last month I said “Bring a Friend”! This month we are giving you a good reason to do so...

See you at the club,

Carl Treff
carltreff@verizon.net
Commodore's Message

First Lady Pam and I have just returned from the Food and Wine Festival in Disney (Epcot). Honorary Commodore Tony Roussos and Lady Burnell were there also. It was an enjoyable five days. They are great friends.

Now I am writing my last article for the Kedge as your Commodore. We have had a good year, many things changed for the good, but more needs to be accomplished. We thank you, the MYC members who have supported the club this year, with special thanks to the Officers, BOG, Directors and Auxiliary for the time they have volunteered to make this a successful year.

There are still many events left that we can enjoy and support this year. These include: October 4th the Art and Craft Show, October 17th Change of Watch, October 18th Yachtoberfest to Lankford Bay, October 24th the Adult Halloween Party, October 25th MYC 2014 Sail Regatta, October 26th the Children's Halloween Party and the Commodore Ball, November 15th.

At this time the club still needs a Princess for the year. The deadline was Oct. 1. However if anyone is interested please contact me before Oct 16th or VC Paul Dolan at any time. Also, the new BOG will be selecting a Club Secretary since no one was nominated or petitioned for that office. If interested contact a BOG member.

First Lady Pam and I wish (soon to be elected) Commodore Paul Dolan, and First Lady Mary and his Officers and Board a very successful year.
Thanks again to everyone who supported us this year.
Commodore Emory Quaskey
Maryland Yacht Club

P.S. MYC will have a New Year’s Eve Party for the first time in years. As an Immediate Past Commodore, I will look forward to seeing you.
From the Vice Commodore

What a whirlwind month September has been! We hosted a group of British re-enactors and their patrol vessel for the Star Spangled Sailabration. Along with the sailors was a detachment of Royal Marines making this a fun living history event for all of us that were there, and what a turnout we had! And then there was the crab feast put on by the Auxiliary. It was great to see the dining room packed and everyone picking crabs at MYC!

It’s October and that means election time. Although I would much rather point out the accomplishments of others I’m supposed to write a brief biography and ask for your vote so here we go.

My name is Paul Dolan and I’m running for Commodore of Maryland Yacht Club for 2015. I am married to Mary and have 4 kids that many of you have seen around the club the past few years, Past MYC Princess Maddy, Bridget, MYC Princess Dee Dee and Tommy. I am blessed to have an older daughter Melinda, her husband Brian and grandson Logan as a part of my family as well. I have spent my professional life in the construction business. I have been a senior manager for some of the largest firms in the country and also owned several businesses. I have built projects ranging from $3,000 in value to $120 million in value and managed many employees on multiple projects simultaneously. Currently I am president of a construction company concentrating on bridges and civil concrete work along with underground electrical infrastructure. I have a sailboat in slip C-33 named Whirling Dervish. I am a cruising sailor and in the winter of 2009-2010 took my family and dog on a 7 month cruise to Florida. I would like to ask you to please consider me for Commodore of Maryland Yacht Club this next year.

OK…with the obligatory paragraph out of the way, and hopefully the Kedge Editor will match up my formal Vice Commodore Picture to this I have a few words about what I would like to do this next year. First and foremost I want this club to be a place for families to come and have fun. I want also to bring back to Maryland Yacht Club a vigorous watersports program. That means racing and a MYC racing team, youth power and sail. I have already begun a plan to improve the quality of our physical plant and we should see more of that going on into the year.
I want to improve and expand the experience folks can have at MYC and bring us back to the glory days of Maryland Yacht Club. In order to do this I’m going to need a lot of help from all of you, please grab me and tell me what you’re interested in and there will be a place for you to join the fun!

Looking forward to a GREAT year!

V/C Paul
A Look To the Rear

Message from the Rear

So here we are. Summer is over and some of the best sailing weather is still ahead. Normally we don't put Haleakula asleep until around Thanksgiving. The scenery with the foliage is beautiful on the Chesapeake in the fall. This will be the last issue of the Kedge I will be the editor of and I must say although it took about 12–14 hours to bring together each month I had a fun time doing it. It is a great communication tool to all of our members and friends which make up the MYC community. I thank you for your submissions and your e mailed comments. And even to the person who corrected my spelling every issue.

I want to personally thank Commodore Emory for his stewardship this year. He stepped into the void and agreed to be Commodore for a second term. He graciously put up with me all year. Emory modeled to all of us the commitment and volunteerism he and Pam brought to the Club. He was constantly doing “projects”. Emory also was able to foster, through the atmosphere he created by his leadership at our BOG meetings, a civility amongst our group of committed opinionated leaders. Because of that the BOG under his direction was able to accomplish and bring the club forward in many ways. A small list of the accomplishments he presided over include the new MYC internet site which will help us gain new members, a focus on improving the physical appearance of the CLUB with some new buildings, fresh paint, and an attention to the details which make our Clubs appearance number 1. We started back down the road to insuring that the members of the club would be fed and have a place to go even if their was a catering event scheduled and no weekend would go by without a venue to eat and gather. This will be a focus of mine through next year to insure it finally becomes the vision what the BOG wanted it to be and it is utilized frequently. We also have
New brochures and held some knockout events for the members. Volunteerism is the key to our success. A strong Auxiliary, people doing beautification, people eating in the dining room, going on cruises, new Years Eve…these are why we are here. To use our boats and relax and meet people who we can call friends. This year marked the end of the “politics” of the club and began a new era of people working together for improvement. More is to come as we have learned that together we really can make a difference. Paul. Barbara and I and others promise you Emory we will continue what you started.

Emory we all salute you and thank you for caring and working for our club.

Fair winds and calm seas,
Aloha and Mahalo,
R/C Dave Perlman
chef2sail@aol.com

I am running for Vice Commodore next year. If elected Donna and I promise we have a great theme and lots of new fun activities for Opening Weekend. We will be focusing on our Club and getting the members to remember what fun they had. Stay tuned the theme which will be announced at the Commodores Ball in November.

My bio many of you know. I am the General Manager for as large food service company and have influence in over 25 units totaling $45 million and many management and line employees. I spent the first 30 years in my career as an Executive Chef. 18 years in Atlantic City where I was in the Trump Organization and 4 years as his personal chef. I graduated from Penn State University with a masters in Political Science and minored in Psychology. I have sailed since I was 6 years old. My father had a boat in Rock Hall (we lived in Philly thus I am still and avid Eagles fan) and I sailed every weekend with him. I lived in Ocean City, NJ for 18 years where my daughter and I were ranking nationally in Hobie 16 sailing. It was there I bought my first keelboat. I have crewed on two trans-Atlantic crossings in my early 20’s and taken the trip down to the Caribbean countless times on sailboats. I am used to working with a “team” of people such as we have here at MYC and believe I have what it requires to help bring people together to work on projects and solve problems. This year I have been the editor of the Kedge, Queens Kedge, initiated the porch feeding, worked on committees with others to bring about change in job descriptions and duties as well as rewrote the Employee Handbook which had not been touched in 25 years. I also have supported the Commodore and will support Paul next year in carrying out the business of the club.

Like Paul Dolan, I have a few focuses next year. One is the porch area and developing it into what it really should be. Yes we started it this year, but it needs to become a focus for members to have a place to go and be made more appealing and also kept that way. Another is to increase the quality of the food service.

I really enjoy representing you and listening to your ideas and yes even your complaints. My hope is many more of you will get your friends to join MYC and you will see it as a benefit to get involved in some way with the volunteerism here. You will make friends when you do that… I promise. Please vote for me.
My name is Barbara Franklin and I have been the Secretary of the Maryland Yacht Club since October 2012. I have enjoyed my position as Secretary learning the ins and outs of being a member of the Board, assisting with the Queen’s Kedge and learning the best way to get things accomplished.

I am very proud of the accomplishments of our Board this past year. The Board has improved our financial reporting, established an Alternative Eating Venue, approved numerous projects enhancing our appearance, firmed up our By-Laws, issued new Employee Handbook plus a revision to our fuel membership program – just to name a few.

I have thrown my hat in the ring for Rear Commodore. My responsibilities as Rear Commodore will be generating our monthly Kedge and creating the Queen’s Kedge for our Opening Weekend.

I look forward to working hard on all issues that come before the Board this coming year. Additionally, I will voice any concerns I have, work for the benefit of our members and keep our need for increased membership in the forefront.

SOCIAL MEMBERSHIP BALLOT

FOR SOCIAL MEMBER REPRESENTATIVE – vote for one

Barbara Corkhill _________________________________________________________[ ]

Carl Treff ______________________________________________________________[ ]
Hi my name is Barb Corkhill and I am running for Social Member Representative to the Board of Governors. Many of you know me and many don't, so let me introduce myself.

My husband Pete and I have been social members for the past 3 years. I immediately joined the MVC Auxiliary to become more involved with the club. I served as Acting President for almost a year and I am currently serving as President. I was instrumental in helping build the Auxiliary from 4 members to 12 of the most fantastic and energetic Ladies I have ever known. We work hard to provide support to the club with fundraising and providing events for everyone to enjoy. My passion to help build membership and interact with current members has always been a top priority and an enjoyable experience for me.

As the Social Member Representative to the Board of Governors it would be my task to be the voice for all Social Members at MVC. Social Members can only vote for the Social Representative and don't have a vote in the Board or General Membership meetings, but I would have that vote for you!

You will find me at the club almost every Friday night and I want to be available to you when ever needed. I believe that the Social Membership is growing and we need to have an active, enthusiastic role in helping to build this club. My goal is to take any of your opinions, suggestions and or concerns to the board, so that they are aware of them. As we move forward to promote the club and work on membership for all boaters in the area, we also need to help build social membership as well.

It goes without saying that the current Social Rep. Mr. Carl Treft has done a fantastic job over the years, I believe that the club is due for some new views and new faces representing the Social members. I ask for your vote in the upcoming elections and promise to be all that I can be for you the Social Members of Maryland Yacht.
My Fellow Boaters at the MYC,

As a MYC member since 3/18/1994, I am offering to serve a second two-year term on the MYC Board of Governors (BOG).

I was born, raised, and educated in Germany. My educational background is Mechanical Engineering with emphasis on electrical machinery. While in Germany, I served as a vice president for a new 500 member tennis club. I was in charge for obtaining building permits and directing the planning and building of the sport facility.

I was transferred to the USA by my employer in 1976 and later became a US citizen. Here I worked as a vice president for a division of a multinational company based in York, PA. My work included marketing, sales, applied engineering, service, and some manufacturing of high power (30,000 HP) drive systems. With a highly motivated local team, we were extremely successful. I retired a few years ago.

In my early retirement, I totally rebuilt my present residence. I reviewed and applied building code requirements and dealt with contractors, but performed the majority of the work myself. Needless to say, the work took more time than I originally scheduled. Surely, Nancy, my Southern girl, suggested some additional ideas which added time to the work, but she was right. Now we have a nice little home we fondly call our tree house.
My goals for the MYC have not changed: (1) improve the appearance of the facility and (2) conduct timely preventive maintenance. Thanks to some of our members’ efforts, the MYC appearance has been improved. However, you’ll agree we still a long way to go. I am again repeating what I said in 2012. Much improvement of our facility’s appearance can be accomplished by paying attention to details and keeping the facilities and grounds neat and clean, neither of which are a question of large amounts of money.

As the chairman of the long term planning committee, I established estimated costs for future projects. Unfortunately with the reduction of the MYC membership (a curse we share with marinas and clubs in the Bay Area), these projections must be revised. Regretfully, this puts my dream of a new bath house in the long term category, but a total overhaul of the existing bath house can be done.

If I am elected to the BOG, I assure you I will devote my time and efforts toward the best interest of our club. My ultimate goal is to see MYC fulfill its potential and become the best and most desirable yacht club in the Chesapeake Bay area.

Best regards,
Winfried Wiegmann
winfriedw@comcast.net

Share the Bay
Nancy Wiegmann

Her home is only a boat length from our stern, yet she tolerates our presence with only the occasional squawk. As I watch in the early hours of the morning, a couple of plastic water bottles, a half-inflated beach ball, and various debris float towards her. These, too, she tolerates with only a squawk.

Her ancestors have occupied the same small section of shore, water, and sky for generations without a deed or rental agreement to protect their ownership. Will she survive mankind to give us pleasure and to raise future generations of water fowl? Each of us is aware of what we can do in our own small way to help her. Perhaps her squawk is not so much a cry of irritation as a cry for help. Please, let me introduce you to MYC’s “Charlie.”
As an 8 year resident member and sailor, I would like to declare my candidacy for continuing as a Member at Large on the Board of Governors. I was elected by the BOG last winter in order to fill a sudden vacancy. During my brief time on the BOG, I was elected Chairman of the Audit Committee, have served on the Insurance Committee as well as the Contract and Long Term Planning Committees.

This past year has been a period of intense strategic planning as well as implementation of various projects. These include a brand new web-site that is now up and running, a successful season that included a wonderful opening weekend, an exciting and successful sail camp as well as the recent Star Spangled Banner anniversary to name a few. I was able, through the Audit Committee to determine the accuracy of the books and find some inefficiencies that the BOG was able to address. Prior to my election last winter, I was able to help the Finance Committee to refinance the loan at a considerable savings to the club. I have been very active in the club, including volunteering to man a chase boat for sail camp. My wife Vickie, in spite of a broken leg, was able to make one long range trip to Cape May this past summer. Hopefully with her full recovery, we will be able to make more use of our boat next season. However, we still maintain an active presence at the club making full use of our chits in the dining room and the outside dining area. Vickie is also active with the Ladies Auxiliary at the club.
As for my background for those who do not know me; I am currently a B-777 Captain with United Airlines based at Dulles Airport flying mostly long range international trips. I have an MBA from the University of Houston in addition to my flying credentials. I actively flight instruct at Chesapeake Sport Pilot at the Bay Bridge Airport and have recently donated to the Ladies Auxiliary a one hour flight lesson for their silent auction. I earned my Sea Plane License last winter in Florida, a wonderful way to combine both of my passions into one. I have run a successful consulting business over the past 29 years aimed at small businesses and provided leadership training to both adults and middle school kids. I have provided extensive financial planning and billing services for the Fox Flying Club in Illinois that is still a very strong presence in the West Chicago area.

Next year will require the implementation and execution of the many of the projects that were planned in depth this past year and I believe that maintaining the integrity of the board is essential in successfully going forward to implement our new strategic plan. I firmly believe that if we are successful in doing so, that MYC will be the premier club on the Bay with a location that is second to none. I respectfully ask for you vote in order for us to continue on this path.
Oysters rock!
I am always looking for ways of community outreach, which brings free PR to Maryland Yacht Club. It is amazing to hear people say “I never knew this place was here!” So when my kids moved to a new school, one that wanted to get involved in more environmental projects, I suggested that we grow oysters in the Marylanders Grow Oysters program. And a totally convenient place for me to guide the students would be at our yacht club. Lucky for us that MYC is the hub for distributing and collecting oysters for the “Oysters Rock” program of Restore Rock Creek. The Rock Creek oyster gardening program is run by our own Chris Wallis, so it was easy to request six cages and oyster spat for the school project. The school that MYC will be hosting is St. Martins in the Field Episcopal School in Severna Park. We have already hung the cages at the foot of B-pier. The students that participated that day received a full lesson on oyster gardening, what the maintenance will be, and when/how/where the baby oysters will be planted next spring. Every three weeks a class will visit MYC under my guidance to clean the cages, count the spat, and take water quality measurements. You may occasionally see the kids and I, so feel free to stop by and say hello.

See you at the club,
Carl Treff
carltreff@verizon.net
Here comes the fall weather and sorry to say boating starts to slow down.

How exciting was September! The Crab Feast this year was a huge success! We had approximately 130 members, family and friends come to enjoy great food, music, games and of course CRABS. We “Thank Everyone” for coming out and supporting one of the Auxiliary’s biggest events of the year. In September we had a couple DJ Friday nights and the club was full of people dancing and having fun.

We plan more of them in the upcoming months.

October Events: We are holding the fall Craft Show on October 4th and hope to see you there. Also on Friday October 24th the Auxiliary is having a DJ night and costume party for the adults. Please come and enjoy a fun night of dancing with us. We would like to have everyone dress in their best Halloween Costume but we don't care if you come dressed in your everyday clothes, we just want to have you all come out and enjoy the night from 7-11pm.

The Children’s Halloween party is Sunday October 26th, please keep a look out for more details to come and remember to RSVP, we want to be sure we have enough for all kids who will attend. As in the past we are looking to the members for donations of candy for Trick or Treating, you can leave your donations with Carole and she will be sure and get them to the Auxiliary.
The Auxiliary is still looking for your recipes; we would like to ask the members to submit your favorite recipes for everyday meals or special boating recipes. We are working on an MYC Cookbook. Please send your recipes to me at paramour825@hotmail.com, or drop them off at the club. It will be fun to see how many recipes we can collect. Give us a little background of where you got it.

We try hard to be sure and meet all new members, if you are a new member and haven’t met us yet, please stop by and introduce yourself. The first Friday of each month there is a meet and greet for new members. We love having new members and want to be sure and welcome you! New or Not we would love to have all members join the auxiliary. We meet the first Friday of each month, stop in and check us out, we have a great group and would love to have you join us.

THE NEW “SHIP’S STORE” IS UP AND RUNNING STOP BY THE LOBBY AND CHECK OUT THE ORDER BOOK OR TALK TO AN AUXILIARY MEMBER FOR MORE DETAILS AND DON’T FORGET TO LOOK IN THE SHOWCASES FOR CLOTHING AND JEWELRY AVAILABLE FOR SALE. WE ASK THAT PAYMENT BE MADE TO THE AUXILIARY BY CHECK WHEN YOUR ORDER IS PLACED.

Hello Everyone, We had our first Tailgate Party on September 7th at the Pavilion. There was about 20 people who attended we even enjoyed the game at the pavilion. Everyone brought covered dishes and we all shared a good time. The Ladies Auxiliary had their Annual Crab Feast; it was a great success. Everyone had a really good time.

We have some fun and excitement coming up in October. We are looking to have Tailgate Parties at the Pavilion on Sunday's at 11:00 AM – 1:00 PM. We will be watching the games at the Pavilion or at the Club House. The Tailgate Parties are only done for the 1:00 PM games. The events for October are as follows:

October 4th the Ladies Auxiliary Craft Fair.

October 5th Tailgate Party 11AM game will be in the pavilion or the club house. Please bring a covered dish and your own drinks.

October 11th Dinner and Bonfire. Dinner at 5 PM and Bonfire to follow.

October 12th Tailgate Party 11AM game will be in the pavilion or the club house. Please bring a covered dish and your own drinks.

October 18th Family Fun Day 2 PM – 5 PM at 5PM stay for dinner and a movie in the Pavilion.

October 19th Tailgate Party 11AM game will be in the pavilion or the club house. Please bring a covered dish and your own drinks.

October 24th Adult Halloween Dance at the Club House more information to come.

October 25th Children's Halloween Party more information to come.
October 26th Tailgate Party 11AM game will be in the pavilion or the club house.
Please bring a covered dish and your own drinks.

Please look out for Blasts, Fliers at the club house, basin restroom, pavilion and pier 3 for up coming events for the fall.
I am looking for a few good people to help me with the Club’s Programs. If you are interested please email me at pasavickie@aol.com.

“ROCKY”

Well in case you haven’t heard by now. MYC Ernie rescued a 5 year old Bald Eagle from sure drowning with his quick thinking and ingenuity by scooping the floundering bird of prey up into a net and bringing him on the dock. Ernie has seen the bird and its nest by his house for a while now, and many of us have noticed this bird soaring high overhead looking for a meal...or maybe just watching us. Ernie received a lot of notoriety locally from the TV and press. The eagle is at the animal rescue center where they are treating him for lead poisoning. When you see Ernie give him a big congrats from rescuing the now named eagle...”ROCKY”
Maryland Yacht Club Commodores Ball

Honoring Commodore Paul Dolan and First Lady Mary

“Maryland My Maryland”

At

Maryland Yacht Club
1500 Fairview Beach Road
Pasadena, MD 21122

Saturday, November 15, 2014
RSVP Manager 410-255-4444
Manager@mdyc.org

Cocktails and Hors d’oeuvres 6:30–7:30 pm
Open Bar: 6:30–11:30 pm
Music by Shiftwork
Caesar Salad
Dinner: Baseball Cut Sirloin with Crab Cake
Buttered Potatoes, Green Beans
Classic Dessert Table
$80.00 per person
2014 Maryland Yacht Club Regatta
October 25th
Expected Start Time 12:00

Reception in the Bar Starts at 3:00
Traditional Rum Punch and Hors d’oeuvres

All members and all fleets welcome - Sail and Power; Resident and Social. If you don’t want to join us on the water, come down to watch the show. Then join us at the following cocktail reception.

This is a race for fun and bragging rights. We are looking for intrepid Sail Captains to crew up and show us all what they can do with their boats, but remember this is an outing to inspire camaraderie between our fleets and between our members – So ramming and boarding is definitely frowned upon!

Sign-up sheets are posted in the club house.

 갖고 Sail Captains – fill in a line on the Signup Sheet or contact Larry Korpanty with your information.
 갖고 All Others – if you are interested in having some fun and crewing, fill in your information on the Signup Sheet and we will ensure that you get assigned to a boat.

Help Needed: If you are willing to support us with either generating the handicaps, or are willing to help out on the Committee Boat, please contact Larry Korpanty

Champagne Toast
Bottle Beer and Mixed Drinks upon request – Members # or credit card
Calling All MYC Boaters

Combined Power and Sail Fleet Cruise on October 18 and 19 to Lankford Creek, Davis Creek, Chester River and Cacaway Island.

MYC Hors Devours Party at the Pavilion in Langford Bay Marina
From 4:30– dusk for both fleets

Lankford Bay Marina has both slips and moorings. It also has a small anchorage area. Depths are shallow but there is 8 feet in most spots. For reservations at the marina call 410-778-1414.

There also is a spectacular protected anchorage on the east side of Cacaway Island with deep water which can fit over 30 boats if you wish to anchor in a serene setting. Three weeks ago Crazy Hoarse (Bill and Rosemary) and Haleakula (Dave and Donna) anchored there and saw a new bald eagles nest on the island and in the tree were two mature eagles.

It also has been the site in past years of the infamous “geese circus” at sunset

We are also planning a “Fleet Review” at 3 PM when we return to MYC with more information to be distributed later
Welcome to Maryland Yacht Club
Newest Dining on the Porch

And for the football fans - 1:00pm – Ravens at Bengals in the clubhouse

Friday, November 7th – Fall Wine Tasting! 5:30pm
Other Notes of Interest

Reciprocity with Yacht Clubs – As a member of the Maryland Yacht Club, you have reciprocity with other yacht clubs. There are 2 types of reciprocity. The first is simply if a Yacht Club offers reciprocity it typically means, as a fellow Yacht Club member, you will be allowed into their club, at a reduced rate or special arrangement for a limited period of time. Boaters who are not Yacht Club members are generally not allowed. To locate these clubs, in our boardroom, the Yacht Clubs of America book lists Yacht Clubs by state and the CBYCA book is a roster of local clubs. When you find the club you would like to visit, call them and see what their arrangement is, every clubs policy is different.

The second type of reciprocity is among the “Big 6” Yacht Clubs General Managers. These clubs include; Baltimore, Chesapeake, Kent Island, North East, Miles River and MYC. The special rate available is $25.00 per night plus electric. The agreement is that this rate will not apply to a cruise. Cruises are very welcome, but come at the standard reciprocity rate. So, go out exploring, have fun and return to your home port with wonderful tales from the sea!

Pump-outs - You may have us put you on a weekly pump-out schedule or you may request a portable pump-out 48 hours in advance by emailing maintenance@mdyc.org or notifying the office 410-255-4444 manager@mdyc.org or office@mdyc.org

Old Ropes – If you have old Ropes or lines you no longer need, let Ernie know, he has several projects where he can make use of them. So far we have received one donation, Thank You. maintenance@mdyc.org

Dockage Assistance – Any members needing dockage assistance please feel free to hail channel 9 and our dock staff will be happy to help. We monitor channel 9, 9:00am – 4:00pm
Work Order Request Instructions

Requestor Instructions for completing Work Request Form:

Applicant Information: Give as much information so we may contact you.

Work Description:

- **Request Type**: Select at least one check box indicating the type of work performed
- **Work Request Description**: Provide as much detail about where and what work you would like to be completed. Be as clear as possible and attach additional paper if necessary.
- **Signature**: Requestor must sign and date. Electronic Signature is acceptable if you are emailing document.

Deliver or send request to the Office for review and approval by Director and General Manager. You may send by email to office@mdyc.org. Work will not begin until approval is granted.

Director and General Manager Instructions:

Director and General Manager review work request together, verify details are clear and that the requestor has signed and dated form.

Director will contact requestor if clarification is needed.

Verify request does not violate or circumvent By-Laws. If it’s not clear then work must be approved by Board of Governors.

Complete Approval Section.

- Accept or Decline the request
- Provide comments
- Sign and Date

Forward to appropriate party for completing work if so approved

After work is completed, have the Maintenance Manager inspect the work, sign and date the inspection section and provide final cost if applicable.

Director completes final inspection then signs and dates inspection section.

Update the General Manager and forward request to Office Manager for member billing if necessary, and internal processing.

Office Manager Instructions:

Bill requestor or club as noted for final cost in the inspection section
